

KHALIL EBRAHIM KHALIL ALI

Software Engineer | System Analyst | Data Analyst

Bahrain | +973 32155844 | kebrahim366@gmail.com | [linkedIn](#)

Profile

Expected to graduate in Information Systems from the University of Bahrain at the end of the current semester, where I have developed strong teamwork and problem-solving skills. Currently enrolled in the Full Stack Development program at Reboot Coding Institute to gain practical experience in modern web technologies. Eager to contribute to innovative projects, apply technical expertise, and deliver effective solutions to real-world IT challenges.
